

Super High 86H

NOW AVAILABLE TO ORDER

This SCIOX seat is now available for 24V industrial machines!

DESCRIPTION

The SCIOX Super High 86H is now available as a replacement seat for a wide range of 24V industrial vehicles, across Construction, Industrial and Agricultural sectors.

The seat originates from the SCIOX family of seats, offering superior comfort and a durable suspension mechanism over rough terrain.

This high back air suspension seat with adjustable comfort features; heater and mechanical lumbar, allows different users to adjust the seat to meet their requirements.
